Liaison Committee (LC) Upcoming Activities

LC Mandate:

- Identification, discussion and analysis of opportunities that the Canadian physics research community could seize or build on, and challenges it may face, in its quest to be at the forefront of research at the international level.
- Communication, discussion and analysis of issues brought forward by the Canadian physics research community and their suggestions concerning NSERC's programs.
- Discussion of topics on which NSERC is consulting the community and preparation of responses on these topics
- Discussion of matters that may help to inform the Group Chair for his/her participation in the Committee on Discovery Research (CDR).

Upcoming Activities for 2026-27:

- Update and modernize the LC website: PHYS-CAP-NSERC.org | PHYS-ACP-CRSNG.org – [CAP-NSERC Physics Liaison Committee](https://CAP-NSERC.org) | [Comité de liaison de l'ACP et du CRSNG en physique](https://Comite-de-liaison-de-l-ACP-et-du-CRSNG-en-physique.org)
